- 7. A method according to Claim 6, wherein step (b) comprises the step of:
- 2 (d) systematically providing on a display screen displaying the given form element an indication that the given form element is for entry of a negative comment.
 - 8. A method according to Claim 7, wherein step (b) comprises the step of:
 - (e) systematically providing on a display screen displaying the given form element an instruction to enter only a negative comment in the given form element.
 - 9. A method according to Claim 6, further comprising the steps of:
 - (d) systematically directing a contributor of a comment, which is in response to a display of the contributed negative comment, to contribute a positive comment for entry into said database by using a computer-displayed form element adapted for receiving said contribution; and
 - (e) providing a bi-directional access link between the display of the contributed negative comment and a display of the contributed positive comment.

10. A method according to Claim 6, wherein the contributed negative comment is also responsive to another positive comment in the database, the method further comprising the step of:

- (d) providing a bi-directional access link between a display of the contributed negative comment and a display of the other positive comment.
 - 11. A method according to Claim 10, wherein step (d) comprises the step of:
- (e) directing the contributor of the contributed comment, to provide the link recited in step (d) by using a given computer-displayed button.
 - 12. A method according to Claim 6, further comprising the step of:
- (d) enabling both comments to be displayed simultaneously in a common screen display.
- 13. A method according to Claim 6, wherein said positive comments include solution ideas and said negative comments include problem ideas.
- 19. A medium(media) according to Claim 17, wherein the contributed negative comment is also responsive to another positive comment in the database, and wherein the instructions further cause the computer system to perform the step of:
- (d) providing a bi-directional access link between a display of the contributed negative comment and a display of the other positive comment.

Add new Claims 20-24, as follow:

2

2

2

2

2

- 20. A method according to Claim 6, wherein step (b) comprises the step of:
- (e) systematically providing on a display screen displaying the given form element an instruction to enter only a negtive comment in the given form element.
 - 21. A method according to Claim 1, wherein step (b) comprises the step of:
- (e) systematically providing on a display screen displaying the given form element an instruction to enter only a positive comment in the given form element.
 - 22. A method according to Claim 5, wherein step (d) comprises the step of:
- (e) directing the contributor of the contributed comment, to provide the link recited in step (d) by using a given computer-displayed button.
 - 23. A method according to Claim 1, further comprising the step of:
- (d) enabling both comments to be displayed simultaneously in a common screen display.
- 24. A method according to Claim 1, wherein said positive comments include solution ideas and said negative comments include problem ideas,

REMARKS

The specification is amended to refer to the provisional application, upon which the priority claim is based.

Claims 3, 7-13 and 19 are amended to correct clerical errors in Claims 7-10 and 19 and to eliminate any multiple dependent claims from this application. Claims 7-10 should have ultimately depended from Claim 6, not Claim 1. Claim 10 should have depended from Claim 17, not Claim 13.

New Claims 20-24 are directed to the subject matter of original Claim 8 as dependent upon Claim 6, original Claim 3 as dependent upon Claim 1, original Claim 11 as dependent upon Claim 5, original Claim 12 as dependent upon Claim 1, and original Claim 13 as dependent upon Claim 1 respectively.

Respectfully submitted,

Dated 10-25-01
